### ***Beyond a Reasonable Doubt***

*Facts that bring the judge or jury to a conclusion, to a moral certainty, that the defendant has committed a crime.*

*Triggers criminal conviction and introduction to the probation or corrections systems.*

### ***Probable Cause***

*Facts and circumstances that would lead a reasonable and prudent person to believe a crime has been, is being or will be committed.*

*Triggers arrests for felonies and some misdemeanors, and motor vehicle searches without a warrant, issuance of search & arrest warrants.*

### ***Reasonable Suspicion***

*Reasonable and articulable facts that lead a person to believe a crime may have been committed.*

*Triggers threshold inquiry, car stops, stop and frisk (for weapons), searches by school*

### ***Mere Suspicion***

*A hunch.*

*Triggers nothing Constitutionally but may cause a police officer to initiate an investigation.*
